

TAFT'S SPECIAL OFF THE TRACK

Republican Candidate's Train Has Mishap
Owing To Spreading Of Rails--No One Was Injured.

GREAT ACTIVITY AMONG SPEAKERS

Final Weeks Of Campaign Promise To Be Most Strenuous Ones For All Concerned In The Whirlwind Finish.

[SPECIAL TO THE GAZETTE.]
Cleveland, O., Oct. 12.—Two cars of the special train carrying Taft and his party were derailed near Sterling, this morning.
No One Hurt
No one was injured and the delay was slight. The trucks were thrown from the tracks by the spreading of the rails.
Made Two Speeches
Despite the delay Judge Taft spoke to big crowds at Barberton and Wadsworth on the tariff and labor conditions.
Debs Is Ill
Newark, N. J., Oct. 12.—Eugene V. Debs, who is very sick, was so ill this morning he could not meet the delegation here to greet him. The physician says he is suffering from a severe cold.

THE BIGGEST MAN AFTER ALL IN THE CAMPAIGN.

TO DISCUSS TERMS OF NEW AGREEMENT

Representatives From Three Anthracite Districts To Talk Over New Agreement.

[SPECIAL TO THE GAZETTE.]
Scranton, Pa., Oct. 12.—Delegates representing the three anthracite districts of the United Mine Workers met in convention here to discuss the terms of a new wage agreement to become effective upon the expiration of the present three-year agreement next April. A general eight-hour day and a uniform rate of wages and the "check off" system probably will be included in the demands of the miners.

HEARD MATTERS IN THE CIRCUIT COURT

Judge Grimm Came Down This Morning and Was Busy at Court-house All Day.

Judge Grimm came down this morning and heard a number of matters during the day. An order was made to amend a former order made in a matter relating to the former Baptist Society at Oxfordville. A divorce was granted to Edward E. Holway from Clara Holloway of the latter. In Hugh Sweeney vs. Hoffman et al the defendant was given 60 days before a strict foreclosure of a land contract should be adjudged. The partition action of Bernard vs. Bolle was also taken up this afternoon.

BEGIN CAMPAIGN IN STATE OF VIRGINIA

Ex-Secretary Leslie M. Shaw Will Be Chief Speaker at City of Richmond.

[SPECIAL TO THE GAZETTE.]
Richmond, Va., Oct. 12.—At Roanoke with ex-Secretary Leslie M. Shaw as the speaker, a vigorous republican campaign was inaugurated in this state and will continue until election day and will be followed by ex-Senator Thurston of Nebraska and several other noted campaign speakers.

ARMY OFFICER WAS TAKEN BY POLICE

Quartermaster General Arrested on Charge of Deserting His Wife.

[BY ASSOCIATED PRESS.]
Decatur, Ill., Oct. 12.—Colonel William P. Tucker, quartermaster general at U. S. A., was arrested here by Chicago police on a warrant issued today charged with deserting his wife, daughter of the late General John A. Logan. Tucker is ill and agreed to return to Chicago from St. Louis today without requisition papers.

NORTH DAKOTA SOON WILL BE LAUNCHED

Complete Arrangements for Launching of New United States Battleship.

Quincy, Mass., October 12.—The arrangements for the launching of the new U. S. battleship North Dakota at the yards of the Fore River Ship Building Company are about completed and it is expected that visitors from all parts of the country will attend the interesting event, which will take place next month. The North Dakota is the first 20,000 ton, all-big gun battleship of the Dreadnought type built for the United States and is similar in all respects to the Delaware, which is under construction at Newport News, Va. It will have a long forecastle deck, extending from the bow almost to the center of the ship.

ROYAL LIVE STOCK SHOW OPEN TODAY

Tenth Annual American Stock Show Open to Public in Kansas City.

[SPECIAL TO THE GAZETTE.]
Kansas City, Mo., Oct. 12.—The tenth annual American Royal Live Stock show has opened at the stock yards in a mammoth circus tent, and will continue through the week. Several hundred stock and express cars were required to carry the exhibits, which include the finest varieties of cattle, horses, mules, sows, sheep, Angora goats and poultry. The poultry exhibit this year is a new feature, while the exhibition of swine is of greater importance than in previous years on account of the National Association of Berkshire breeders, decided to hold its annual show here instead of in the East, as in past years. There are more than 1,000 entries of breeding cattle in the four breeds—hotters, Short Horn, Galloway and Angus.

COLLEGE Y. M. C. A. SEMI-CENTENNIAL

Association at University of Virginia Observes Date of Foundation.

[SPECIAL TO THE GAZETTE.]
Charlottesville, Va., October 12.—The Young Men's Christian Association at the University of Virginia, the first college Y. M. C. A. branch ever established, is celebrating the semi-centennial of its foundation. A number of the original members of the organization came here to attend the celebration and several of them took part in the program, by delivering addresses and reminiscences of the early days of the branch. The president of several Southern colleges and universities also attended the interesting celebration. The exercises were held at Madison Hall, the fine Y. M. C. A. building at the University, which was dedicated in 1905. This building, with its furniture and equipment, is the gift of the Dodge family of New York city, and is said to be the most convenient and best equipped college Y. M. C. A. building in the world. When it was dedicated, thirty-five of the ninety-two original members of the association were still living, including Dr. John Johnson, of Charleston, S. C., the first president, and Dr. Thomas Hume, of the University of North Carolina, the second president. Dr. Johnson has died since then.

The Y. M. C. A. at the University of Virginia is the oldest college organization of the Y. M. C. A. in the world. It was partly organized in the spring of 1858 and when the association opened in the succeeding fall, the organization was soon completed. On October 12, 1858, the constitution was adopted and since that day the organization has not only had a steady growth at the University of Virginia, but it has been duplicated in connection with other institutions of learning all over this country and, in fact, throughout the world. No other college organization has so many members. At the University of Virginia alone more than 4,000 men have been members of the Y. M. C. A. and last session the membership was nearly 500, the largest on record.

BRIEF LOCAL NEWS.

Services at Asylum: Capt. and Mrs. Fleming of the Salvation Army accompanied J. T. Wright to the county asylum Sunday and conducted services. Mrs. Fleming's singing to her own guitar accompaniment and the Captain's sermon on the Prodigal Son made a strong appeal to the inmates, who filled every one of the 150 seats in the chapel. A meeting was also held in the country house and none enjoyed the services more than Col. and Mrs. Davis, the aged colored couple.
Italian Made Complaint: One of the Italians working in the railroad yards complained to Chief Appleby that a man named William Byrne called at his box car lodgings and asked for a match. When he had gone the Italian claimed he missed a pocket-book containing \$1.50. Mr. Byrne when brought to the station denied any knowledge of the money but said he would turn that amount over to the authorities at the end of the week rather than have trouble. There was no substantial evidence against him and he was released on this promise.
Hypnotist in the City: Harry Ahrens, a former Beloit resident who became a hypnotist and stepped from amateur into professional ranks about six years ago, visited with Chief Appleby this afternoon. He has recently returned from a lengthy sojourn in Europe with a book of extended press notices from the newspapers of London, Glasgow, and many of the other cities of the British Isles and the continent. The articles describe his feat of driving blind-folded and the "sleeping beauties" he exhibited and credit him with curing the Marquis of Queensbury of a nervous disorder by suggestion. His company is now in Chicago and he is preparing to make a triumphant descent upon Beloit in the near future.

WANT OIL COMPANY CASES CONSOLIDATED BY COURT

Attorneys For Waters-Pierce Oil Company Will Be Opposed By State Attorneys.

Washington, D. C., Oct. 12.—The State of Texas is prepared to put up a vigorous opposition to the plan of counsel for the Waters-Pierce Oil Company for a consolidation of the two cases pending against the company in the Supreme Court of the United States. Both cases, the main or master case, and the case for receiver, are set for submission to the court tomorrow. Before they are reached on the docket, however, the attorneys for the company purpose to move to consolidate the cases and at the same time petition the court that both cases be heard together. Both motions will be opposed by the legal representatives of the State of Texas.
The consolidation of the cases would be a distinct advantage to the defendant company. If the cases were consolidated a reversal of one would carry with it the reversal of the other. If through some technicality or other the main case, ousting the Waters-Pierce company from Texas, should be reversed, then the receivership case would also go back, even though the court might finally decide the Federal court receivership in favor of the state and affirm the decision of the United States Circuit Court of Appeals at New Orleans. But if the cases are maintained separate and the main case reversed for any cause and the state receivership case affirmed, then the State of Texas would be in a position to place its receiver in charge of the property. Moreover, if the main case should be reversed and ordered back for retrial, at least two years would be required to get it back to Washington for final decision in the United States Supreme Court. If the receivership case was attached, the State's receiver would be held off during all of that time. If continued separately and a final decision would be placed in control regardless of what disposition was made of the main case. A reversal would not then affect the receivership, once it is affirmed. With full knowledge of these facts Attorney General Davidson of Texas is prepared to exhaust every legal means if necessary to defeat the scheme of the Waters-Pierce company to have the cases consolidated.

Andrew J. Snyder DIED AT FOOTVILLE
Well Known Resident of Rock County Succumbed to Heart Failure at Early Hour This Morning.
[SPECIAL TO THE GAZETTE.]
Footville, Wis., Oct. 12.—Andrew J. Snyder, a well known resident of Footville and Rock county, died suddenly of heart failure at an early hour this morning. Though he had not been well for several years and his health had been declining rapidly for six months past, he was not confined to his bed and the end came entirely unexpected. The deceased was born Feb. 15, 1821. He is survived by a devoted wife; two sisters—Mrs. Cynthia Wilcox of St. Scott, Kas., and Mrs. William Cory of Footville; and four brothers—Irwin Snyder of Austin, Minn., William of Bottineau, N. D., Dr. Alfred Snyder of Escanaba, Mich., and Dr. George Snyder of Harbison, Ill. belonged to the local branches of the Masonic and Woodmen orders. The funeral will be held Thursday afternoon.

Automobile Party: A Madison automobile party consisting of C. F. Spooner, and E. S. and R. H. Johnson was registered at the Hotel Myers Sunday. Three large parties from Chicago passed through here Sunday morning en route for the Delta.

Drunkennes: If Johnson and Fred De Groat pleaded guilty to charges of drunkenness before Judge Hild in municipal court this afternoon and being unable to pay fines of \$2 and \$3 went to the county jail for a few days.

HARRY THAW SENT BACK TO ASYLUM

RETURNED TO MATTEWAN BY
ORDER OF JUSTICE MILLS.

TRIAL BY JURY IS DENIED

Counsel for Prisoner, Having Appealed
from This Ruling, Refuse to
Submit Evidence of
His Sanity.

White Plains, N. Y., Oct. 13.—Harry K. Thaw will have to remain in the state hospital for the criminal insane at Matteawan, N. Y., until the court of appeals shall decide whether he is entitled to a hearing before a jury to determine the question of his sanity. Justice Mills of the supreme court refused a week or two ago to grant the application of Thaw's counsel for a jury trial on the sanity question and decided to hear the case himself. The hearing was fixed for Monday. When Thaw was brought into court his mother and several relatives were present.

Jury Trial Is Denied.
The prisoner's counsel again moved for a jury trial, and when this was denied asked that Thaw be discharged from custody on the ground that the jury in the last trial for murder did not find him insane. This, also, was denied. Thaw's counsel then declared that they had appealed to the New York state court of appeals from the decision refusing a jury trial and that until the higher court had given a decision they would submit no evidence on the question of Thaw's sanity.

Justice Mills said there was no other alternative than for Thaw to be returned to Matteawan asylum, and he was ordered to be returned to that institution.

Jerome Is Absent.
District Attorney Jerome of New York, who withdrew from the case when Justice Mills refused to transfer it to New York, did not appear in court Monday.

As soon as the judge had ordered Thaw sent back to Matteawan an order citing him to appear in Pittsburgh forthwith and give testimony in the United States court in the bankruptcy proceedings brought against him there was served upon the prisoner. It could not be learned what action will be taken in this matter.

An order committing Thaw to Matteawan asylum was signed by Justice Mills in the afternoon and he was taken back to that institution. Dr. Baker, acting superintendent of the asylum, said he would produce Thaw in Pittsburgh if he were served with an order to that effect.

Will Have No Effect.
Pittsburg, Pa., Oct. 13.—At the office of Referee in Bankruptcy W. R. Blair, it was said Monday afternoon that the return of Harry K. Thaw to Matteawan will have no effect upon the bankruptcy proceedings that have been begun. It is said that since bankruptcy proceedings have been entered upon, the case will have to stand as it is and the referee has no authority of his own to throw the case out and dismiss the proceedings.

BALLOONS MOVE IN CIRCLE.

Progress of Contestants in the International Race.

Berlin, Oct. 13.—The Associated Press has received the following bulletin relative to the progress of the balloons which started Sunday in the international race for the James Gordon Bennett cup:

Calcut: The Saint Louis was sighted at 10:50 Monday morning, moving in a southwest direction.

Antwerp: L'Esle de France was sighted at 6:15 Monday morning, to the east.

Lunenburg: The Condor was sighted at 3:45 Monday afternoon, apparently about to land.

Hamburg: The Condor was sighted at 5:15 Monday evening, when she was then moving in the direction of the sea.

Salzwedel: The Dusseldorf was sighted to the westward.

Gransee: America II. was sighted at six o'clock in the evening.

Hilmsberg: The Hanshee was sighted at five o'clock.

Madagasc: The Zephyr landed here, Bremen; Valencia landed.

Apparently all the balloons were caught in the same currents of air and all are describing virtually a complete circle.

Another Pilot Case Acquitted.

Springfield, Ill., Oct. 13.—State's Attorney Hatch, after the evidence of the state had been introduced in the case of Rudolph Bredemeyer, charged with malicious mischief in the wrecking of Loper's restaurant on the night of August 14, during the race plots, Monday asked the court to instruct the jury to find a verdict of not guilty, and this was done. The witnesses for the state were unable to identify Bredemeyer.

Funeral of W. A. Rothwell.

Moberly, Mo., Oct. 13.—The funeral of William A. Rothwell, Democratic national committeeman, took place Monday afternoon from the First Baptist church. Nearly all of the members of the committee appointed by Norman E. Mack, chairman of the Democratic national committee, were here.

COLLEGE AND HIGHS PLAYED A TIE GAME

Milton College and High School Each
Scored Five Runs in Saturday's
Game.

[SPECIAL TO THE GAZETTE.]
Milton, Oct. 13.—Milton College and Milton High played their second game Friday afternoon and the battle resulted in a tie, each team scoring five. The college got to pitcher Miller for several clean hits and he retired in favor of Clarke, who was out of condition, and he was the victim of several swats. Pennor and Yates, of the high were on the sick list and could not put up their regular game. Atwood was in the box for the College boys and pitched a good game for an initial appearance. Whitte caught a star game and his shoats to second were deadly to base runners. Davis did good work on second for the college. Batteries—Lawton and Ingham; Miller, Clarke and Whitte. Umpires—Green and Place.

Norman Bullis of Milwaukee spent Sunday here.
R. W. Clarke spent Saturday and Sunday at Madison.

Supt. Anshel was a visitor in the village Friday.
Rev. Frank Miller visited his father, Rev. W. T. Miller, Friday. He has made a good recovery from his operation and long illness and is feeling fine. He is now pastor at Genoa Junction.

No clip the following from the Commercial-Review of Portland, Ind. It is evidently a "clip of the old blood." Mr. and Mrs. W. L. Feeds have received word that their son Paul has been elected a member of the Oberlin College Glee club for the coming year. Membership in this glee club is considered quite an honor and there are always many candidates for the vacancies that occur yearly. The selection is the more significant from the fact that there were 36 applicants for the place, baritone, and all had to pass a rigid examination before the members and officers of the club. Mr. and Mrs. Feeds also write that he is again playing right tackle on the varsity football team and that they start for them on Friday of this week for a tryout with the Cornell team.

Mrs. Katherine Waterman-Crosby of Orem, Colo., has been visiting Milton relatives this week.

Mrs. Carrie Anderson was the victim of a "pound party" Saturday evening.

Merton Pines played ball at Oconomowoc Sunday with the Sullivan team.

Peter Tomkins and Miss Anna Tomkins spent Sunday at Madison.

A. D. Hawkins and family arrived from Parish Saturday.

Orin Van Horn has returned to Milton.

Mrs. A. E. Wood is visiting at J. J. Bullis.

**MILK DEALER PAID
\$25 FINE IN COURT**

67 Pounds of Water Found in Every
100 Pounds of Milk Delivered
by Farmer.

[SPECIAL TO THE GAZETTE.]
Montreal, Wis., Oct. 13.—Sixty-seven pounds of water added to every 100 pounds of milk was the percentage of adulteration found by State Dairy Inspector Fred Ford of this city in a lot of milk delivered by William Doersch of Brigham township, Iowa county, to the Trout Creek factory several days ago. This is the highest per cent of adulteration of milk on record. The butter fat was brought down to 1.50 per cent, 3 per cent being required by the state law. Bolls not fat showed 3.95 per cent, the minimum required by the state law being 3.50 per cent. Mr. Doersch pleaded not guilty to the charge of adulteration at first, but later changed his plea to that of guilty and paid \$25 fine and costs.

Albert Geikle, who was injured in the Monroe high school-Whitewater normal football game at Whitewater last Saturday, is still going around on crutches. His left leg was wrenched in the first scrimmage when Monroe had the ball, Geikle carrying the ball on the first play. The high school defeated the normals 21 to 0. Monroe plays Janesville at the Tower City this morning Saturday.

The remains of Mrs. Eliza Burdick, who formerly lived in Monroe, arrived here this noon from Racine, where she moved three years ago. Burial will take place Wednesday morning. The prohibitionists will open their

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble," by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or feeble appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain in distress, "small of back," aching or distressed feeling in stomach, perhaps nausea, or "rises" in throat after eating, and bloodless symptoms of weak stomach and torpid liver, no medicine will relieve you more rapidly and surely than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and hot cakes, uridic cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a direct extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

campaign in Green county on Tuesday night, Oct. 20, when J. L. Sizer of Elkhoru, a state lecturer on temperance, will make an address at the armory here. He will also speak at Jackson on the following night, at Tremont on Thursday night and at Liberty on Friday night, the 25th. D. W. Cox, prohibition candidate for governor, will speak in Monroe on Oct. 23.

Otto Asmus, who has been at large on parole from Mendota asylum, since February, was taken back to Mendota this morning, having caused his family great inconvenience since he has been home. He was taken into custody yesterday by the officers and kept at the county jail until this morning.

Ben Coplin, who lives north of this city, had his right hand injured in the blower of a corn shredder and will be laid up for some time.

George Van Horn and Miss Florence A. Hunt, both of this city, were

married at the groom's home in the city. Both gave their ages as 21 years when they applied for a marriage license. They were granted a special permit by the county judge.

Fake Races Conducted by a Council Bluffs Gang.

Council Bluffs, Ia., Oct. 13.—Investigation, following the receipt of a dispatch from Greeley, Col., telling of the claim of a man of that place that he had been swindled out of \$12,500 by means of a fake horse race in this city, shows that a series of swindles had been perpetrated by a well-organized gang which has had quarters in this city for several months. Fake horse races, foot races and prize fights are stated to have been used and large sums have been lost. So secret have the operations of the gang been carried on that no inkling of its movement had become public.

Japanese Slaughtering 22 Koreans.

Seoul, Oct. 13.—It has just been learned that 22 members of the "Hellsbells," the pro-Japanese organization of Korea, were killed by Japanese gunboats at Chosido a few days ago. The affair has been kept quiet, but has occasioned much uneasiness because it might be considered as a ruthless slaughter of unoffending Koreans by the Japanese soldiers and calculated to confirm previous reports of unnecessary cruelty practiced by the Japanese in Korea.

"My little boy had the whooping cough, which left him with a very bad bronchial trouble. Three doctors failed to do him any good at all. They thought he was going into consumption. He began to cough this winter just the same as before. We heard Father John's Medicine recommended highly, so decided to give it a trial and to my great delight I find it is doing wonder of good. Since we gave him the second bottle, he has not had any more cough at all, and he runs outdoors all of the time now, and is getting fat and rugged every day."

HALL & SAYLES

"The Reliable Jewelers"

W. E. Morris, of North Berwick, Mo., says:

"My little boy had the whooping cough, which left him with a very bad bronchial trouble. Three doctors failed to do him any good at all. They thought he was going into consumption. He began to cough this winter just the same as before. We heard Father John's Medicine recommended highly, so decided to give it a trial and to my great delight I find it is doing wonder of good. Since we gave him the second bottle, he has not had any more cough at all, and he runs outdoors all of the time now, and is getting fat and rugged every day."

Fake Races Conducted by a Council Bluffs Gang.

Council Bluffs, Ia., Oct. 13.—Investigation, following the receipt of a dispatch from Greeley, Col., telling of the claim of a man of that place that he had been swindled out of \$12,500 by means of a fake horse race in this city, shows that a series of swindles had been perpetrated by a well-organized gang which has had quarters in this city for several months. Fake horse races, foot races and prize fights are stated to have been used and large sums have been lost. So secret have the operations of the gang been carried on that no inkling of its movement had become public.

Japanese Slaughtering 22 Koreans.

Seoul, Oct. 13.—It has just been learned that 22 members of the "Hellsbells," the pro-Japanese organization of Korea, were killed by Japanese gunboats at Chosido a few days ago. The affair has been kept quiet, but has occasioned much uneasiness because it might be considered as a ruthless slaughter of unoffending Koreans by the Japanese soldiers and calculated to confirm previous reports of unnecessary cruelty practiced by the Japanese in Korea.

SIX MORE DAYS FOR BIG CLUB OFFER

Hustle is Now The Word For Those Who Wish to Win

Is your name in the following list of candidates for the Gazette's Popularity Voting Contest? You say it is. What are you doing for yourself? Are you going to prove that your friends were right in singling you out as the most popular person in this vicinity, or do you intend to sit down and wait for your very good friends to bring the coveted honors and prize and place them in your hands? If you expect the latter you are going to be treated to the surprise of your life. And it will NOT be in the shape of victory. You will not only suffer defeat but you will be numbered among the "also ran" crowd. That is where the receptive candidates belong. Get busy. There is still lots of time in which to win.

It isn't going to cost you a cent. It is going to demand that you give it a little time and attention and that you simply hustle around and see your friends. The majority of people can see practically all of their friends within a period of three weeks. That's why it isn't too late to start.

"There are too many candidates in my district," complains one candidate. She, apparently hasn't stopped to figure out the fact that under this condition it isn't going to require so many votes to win.

Your own knowledge of your own strength; your own knowledge of your friends; your own confidence in your own ability constitute the only basis upon which to work successfully.

HAVE YOU GOT A CLUB?

You Should Not Fail To Get At Least One This Week And Put Aside A Reserve Vote. You Will Need It At The End.

EACH CANDIDATE sending or bringing to the Gazette's office five NEW yearly subscribers by Oct. 19th, at 9 P. M., will be given a ballot for 10,000 extra votes—five NEW six months' subscriptions will entitle you to 5,000 extra votes. One yearly will count as two six months' subscriptions. Five new yearly or five new six months' subscriptions will constitute a CLUB. Don't be satisfied with a few Clubs, get as many as you can.

KNOW YOUR DENTIST

Do not let your teeth go until they ache. Aching teeth is nature's way of telling you that the tooth is almost beyond repair. A tooth will not ache until it is pretty near ready for the grave yard. When in next time you go past, let me tell you how indispensable your teeth are to you and their importance to your health. I'll examine your teeth if you wish and tell you what it will cost to have them put in perfect order. You need not feel under obligations to have the work done at once. Come in and talk it over. Your work won't cost more than it's worth if you let me do it, and that means a saving of 25 to 50 per cent.

MANUFACTURERS TO BUY AFTER ELECTION

Letters Say That Manufacturers Will Begin Buying in November.

The general opinion of most of the tobacco dealers is that a lively amount of business will not come until after the election this fall as the letters from manufacturers state that they expect to be buying in November. Tobacco men take this to mean that it will not be until after election have been held. No sales have been reported in Janesville and business is somewhat dull. Buyers, however, are reported to have started purchasing in the country districts. Inquiries for '08 binders are coming in frequently, but no buying is being done. Some of the dealers are sampling and resampling their packings.

One of the dealers says the general tendency of the prices of the '08 binder crop is upward and the prices are not satisfactory. Some Janesville tobacco the '08 packing sold for 22 and 23 cents, and one packing at Evansville is reported as having been sold for 21 cents straight. There are more inquiries for samples than there has been in some time, but the manufacturers are holding back until after the Presidential fight. There probably will be a live trade after the middle of November. It is known that there will be a scarcity of good Wisconsin tobacco in the market this year and this year the '08 packing will be much. All of the good '08 packings that can be secured is being bought up by the trusts. They have bought some '08 at 16 cents. Much of the '08 tobacco will be short and thick and good only for fillers. The good packings of the '08 tobacco may sell for 25 cents a pound between now and the first of the year.

The handling of the '08 crop will not be until late this season. The United and other trusts may begin about the first of the year to work on it but the independent packers will not commence until very late in the spring. The shortness and stubbliness of the crop will be the reason of its being put in the boxes so late in the year.

St. Grundy, L. H. Carlo & Son, and E. M. Kalkins are sampling their packings.

A small force of girls are still working at stemming at Heddles warehouse.

SORROWING FRIENDS FROM MANY CITIES

Paid Their Last Respects to the Late Fred Van de Water This Afternoon—U. C. T. Ritual at Grave.

Funeral services for the late Fredrick Van de Water were held at the home, corner of South Bluff and South Third streets, at half-past two o'clock this afternoon. Words in eulogy of the departed were spoken by Rev. R. C. Denison and Rev. J. H. Tippet offered the prayers. The many beautiful floral tributes included a large, elegant and simple arrangement of flowers from the Grand Council of the Order of the United Commercial Travelers, the order who was present in person to pay his last respects, a beautiful rope of blossoms from Janesville Council No. 108, a set piece from the Wisconsin Carriage Co., and offerings from the Elks and other fraternal organizations which knew Mr. Van de Water as a loyal, steadfast brother.

He was kind to rest with the impressive ritual of the United Commercial Travelers. The visitors who came from a distance to take part in this service were: Supreme Councilor M. J. Thompson of Green Bay, Past Grand Councilor M. J. Sullivan of Milwaukee, Grand Councilor W. T. Elliott of Madison, Grand Junior Councilor C. J. McElroy of Fond du Lac, Grand Conductor Fred L. Wright of Milwaukee, Grand Page C. A. Callins of Tonawanda, Grand Sentinel W. F. Hartigan of La Crosse, Grand Secretary George J. Nichols of Water, Grand Treasurer G. J. Auld of Oshkosh, and the following members of the Grand Executive Committee: J. E. Egan of Manitowish, W. E. Brown of Stevens Point, R. G. Sauer of Madison, and Paul Miller of Watonsau. Others present were: Past Grand Treasurer M. L. Dunn of Madison, Joseph Daxinger, secretary and treasurer of Council No. 54, Milwaukee; and J. W. Fook of Council No. 286, Milwaukee.

The pallbearers were: C. B. Evans, E. S. Holmes, William Morris, P. B. Granger, W. E. Clinton, and Roy Wisniet.

Mrs. Benjamin Barlage
The funeral of the late Mrs. Benjamin Barlage was held this morning at ten o'clock from the home, No. 2 Fourth avenue, and the interment was at Oak Hill cemetery. Owing to the fact that her death was due to a contagious disease the funeral was private and brief services were held at the grave. Mrs. Barlage's death was particularly sad owing to the fact that she leaves a little family to mourn her loss. Her husband's many friends extend their expressions of sympathy. Mr. Barlage has for many years been driver of the Fire Police patrol.

Fredrick Deyer
Fredrick Deyer died at his home in Harmony at 10:30 Monday morning. He leaves to mourn his loss a wife and four children, two sons and two daughters. They are Theodore of Ft. Atkinson, William of Center and Mrs. Satz of Center and Mrs. C. E. Herman of this city.

The funeral will be held Thursday afternoon from St. Paul's church and the Rev. John Koenner will officiate.

Mrs. John M. Nelson
The funeral of Mrs. John M. Nelson was held this morning at 10 o'clock from St. Patrick's church, Dean E. E. Kelly officiating. The pallbearers were: W. W. Watt, T. P. Burns, John Deane, John Gleason, Hugh Joyce, and Charles Vines.

The great profusion of flowers testified to the sorrow of those who had known the deceased and of the high regard in which she was held.

A STORE OF GOOD THINGS TO EAT

New, reasonable, appetizing necessities and delicacies continually arriving.

We are as pleased at a little extra quality and value here and there as any one of our customers could possibly be.

We wish it were possible to always give something a little finer than is expected.

Should you decide to start an account with us (and it is needless to say we would be glad to have you) you will get every little advantage that we make it a point to give to our customers.

When you trust your early morning telephone order to us you get the best and freshest on the market, before it has been picked over by early shoppers.

It is OUR POLICY to do this. It should be the policy of every good grocer.

Don't think that everything will always be right, because it won't—not at first—but it will in the end if we can make it so.

Have you tried any of this season's new Dill Pickles, new White Kraft, Heinz, new Casino Catsup, without coloring matter or preservatives?

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect Indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to the blood. And a pure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol. And in the first time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

Dyspepsia.
Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a bottle of Kodol. Then after you have used the entire contents of the bottle if you are not honestly sure, that it has not done you any good, return the bottle to the druggist, and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This is the only medicine that we sell, and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the Laboratories of E. C. DeWitt & Co., Chicago.

THIS WILL EXPLAIN TO YOU WHY A FAVORITE BASE BURNER

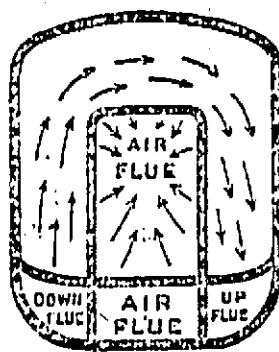

Will produce as much heat with 2½ tons of coal as others will with from four to five tons.

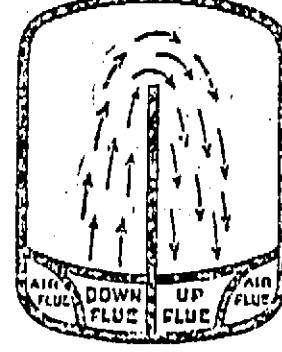

THESE Diagram Cuts make very plain some of the advantages in the Favorite Base Burner as compared with others. Notice how the heat is distributed through the flues in the bottom—it all comes to the front through the side bottom flues and then passes back through the center flue; this equally distributes the heat over the bottom. The sides of the flues and ash pit each being in one piece, make the entire sides from the top of the ash pit to the leg base radiating surface. See the hollow projecting pockets in the bottom to which the flue strips are attached; these in connection with the deep pocket around the outer edge of this bottom greatly increases the radiating surface and the strength of the bottom. Notice the strength of the check draft register at the rear of the ash box, it is also made so the pan cannot shut it off, and is located where it cannot burn out and bind from heat. See how clean the stove is made around the top of the ash pan and how the ash chutes project over the pan and how substantial the grate rests are made.

This cut also illustrates the surface to which the ash pit door is fitted which is finished with milling machinery, and the door is fitted with planing machinery, which is the most perfect process known for fitting surfaces. No other stove is made with these features named.

HERE'S THE DIFFERENCE ORDINARY DOUBLE FLUE, AND FAVORITE TRIPLE FLUE BASE BURNER COMPARED.

THE
OLD
WAY

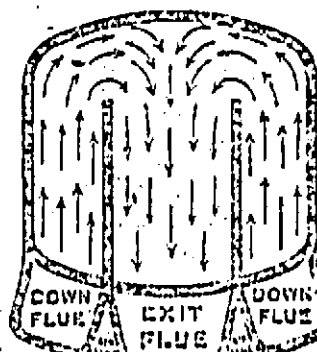

These two Diagrams show Two Different Kinds of Two-Flue Construction, as Made in Other Base Burners.

In this the radiating surface in center of bottom near the door is lost. All the heat from the remaining surface in bottom does not circulate over the floor, much of it being drawn up through the flue in center of bottom, making a cold floor heater. One corner of back and one side of bottom where heat first passes, are heated much better than the other parts, the heat not being equally distributed to the flues, and the circulating flues are also supplied with air from the heated space under the leg base.

This style of flue construction is made in most base burners. There are but four surfaces to the back flue radiating heat directly into the room. One corner of back and one side of bottom where heat first passes, are heated much better than the other parts, the heat not being equally distributed to the flues, and the circulating flues are also supplied with air from the heated space under the leg base.

THE NEW WAY

THREE-FLUE CONSTRUCTION MADE IN THE FAVORITE FIRST GRADE SERIES.

In this flue construction there are nine surfaces to the back flue radiating heat, giving much larger flue capacity; the heat passes down both back corner flues, around both sides of the bottom at the outer surfaces and then through middle of bottom and out center flue in rear, being equally distributed over the entire back and bottom. This three-flue construction is much more expensive to make than two-flues, but far superior in radiating surface and heating capacity. We use the two-flue construction in our cheaper lines of base burners. The circulating flues in the Favorite are not supplied with heat from under the leg base as in other stoves but with air from above leg base.

40 Per Cent Increase Assured from the Same Amount of Coal by Using the Favorite First-Class Base Burner.

The Favorite Base Burner is guaranteed to have more radiating surface than any other stove with fire pots the same diameter at the top. The depth of a fire pot and diameter of the grate surface are of as much importance in the size as the diameter at the top. The measurement of the top of a fire pot does not indicate the size of a stove, but only the measurements to which it refers. The size of the extreme bottom, all the flues, ash pit, space around the grate and grate surface could all be contracted in the Favorite in width and depth over two inches each way, and the fire pot kept the same size at the top. We warrant the Favorite to heat more space with less coal than any other stove with fire pots the same size at the top. Compare the quality of the castings with others, the perfect fitting of the doors, mica frames and all the joints through the stove, together with the finish and the superiority of workmanship, unequalled in any other stove and you will then commence to appreciate some of the reasons why Favorite Base Burners are so superior to all others. Wherever one is sold, it results in the sale of others.

Notice How the PRIESTS are dying off?

'Tis said by Typhoid: But nay:

IO must DIE! to pay for ALLIE'S MURDER!

Watch EM! Count

FACSIMILE OF THE POSTAL CARD RECEIVED BY THE DENVER PRIESTS.
The above postal card was received by Rev. J. A. Ryan, assistant to Father

or Ryan at St. Elizabeth's, and its purport is very clear.
"Tis said by some to be typhoid fever, but nay. Ten must die to pay for Allie's murder. Watch 'em, Count."
This is thought by many to be the work of a crank inspired by the deaths at Sacred Heart college, but is construed by others to be a continuation of the alleged plot against the Denver Catholic priests.

A Chest of Silver

WE HAVE on exhibition a magnificent chest of sterling silver—a complete table service in the famous Newbury Pattern. The various articles are so classified that they can be shown without confusion or loss of time. Each individual piece of a dozen is clearly displayed. This affords the only convenient and satisfactory way of examining silver. You can ransack showcases half a day and not bring to light half so many varied and attractive pieces as you will see in five minutes' time running through this complete chest of Newbury silver, which contains an extensive array of the smaller pieces so much in demand for anniversaries, weddings, and birthdays. Orders accepted for complete chests or individual pieces.

Sterling Tea Spoon, like illustration, \$1.00.

The Newbury is one of the most desirable patterns in silver of which to make a complete table service, by adding one piece at a time.
